### HOW TO GET RID OF A COLD.

Read how C. E. Summers, Holmdel, Neb., got rid of his cold: "I contracted a severe cough and cold and could hardly sleep. By using Foley's Honey and Tar as directed my cough was entirely cured and I give it full credit for my speedy recovery." Foley's always soothes and heals. Children love it. We are looking to the east from whence cometh our highway. We hear persistent rumors of work on the east end; but it seems a long way from Po-

mona—almost as great a distance as the world-famed Tipperary. We are beginning to wonder if it is in the far East.

Special prayer meetings will be held at the Pomona auditorium this summer for the souls of all those unfortunate beings who stray into the unknown ways of our Memphis-to-Bristol highway during the winter months. The highway commissioners are especially invited to attend.

Kick while you can; for the winter soon cometh!

Since leaving here he has joined the Baptist church, is now superintendent of a Sunday school a few miles from Mayland. He lives in this county although a part of his farm is in White county. His capabilities for the office are doubtless equal to those of any of the numerous candidates. The Farmers Union of this county has purchased the plot of ground where the Deters stave mill stood and they plan to erect a brick building for storing potatoes and other products of the farm that are not excessively bulky. The idea seems to be to have large bins for storing potatoes so the farmer can keep them until such a time as he thinks best to sell. It is not known how soon the work on the building will commence. There will be a large hall provided for the Union to use as a regular meeting place. The title to the property is at present in the name of F. A. Loshough, but will be transferred to the corporation so soon as a name is finally decided upon and a charter obtained. Considerable detail work has to be decided by the Union before active steps will be taken to put into effect the contemplated plans. The Farmers' Union feels that some merchants take a mistaken view of the purpose of the Union. The Union people say it is their purpose to help every one and injure no one while some merchants seem to feel that the organization has as one of its main purposes the idea of opposing the retail merchant.
